## WHY INDIA

### • Strong University Network

With over 300 Universities and 15,000 Colleges offering the widest spectrum of courses, India has the second largest education system in the world.

### • Global Recognition

The professionals trained in Indian Institutions are recognised globally. Over 200 of the Fortune 500 companies recruit from Indian campuses regularly.

### • English Medium

India has the third largest English speaking population in the world.

### • Moderate Fee & Cost Of Living

India offers quality education at a fraction of cost compared to other education destinations.

### • Quality

Quality of education is assured through bodies such as National Board of Accreditation (for technical education) and National Assessment and Accreditation Council (for higher education).

### • Welcoming Environment

India extends an unbiased welcome to students of all nationalities, cultures and religions.

## EDCIL

EdCIL (India) Limited is a Public Sector Enterprise under the Ministry of Human Resource Development, Government of India. EdCIL (India) Limited offers consultancy and technical services in whole spectrum of Education and Human Resource Development within the country and on a global platform as well since last three decades.

EdCIL (India) Limited is the Nodal Agency of Government of India towards promotion of Indian Education abroad and is the "Single Window Service Provider" for the placement of Foreign Students, Non Resident Indians (NRIs) and Persons of Indian Origin (PIOs) for higher education in its associated Institutions.

## EDUINDIA

EduIndia is supported by a team of well experienced Student counselors and academicians. The idea of EduIndia was based on the need for proper guidance and support for students going to India to pursue their higher education. EduIndia is the official representative for EdCIL (India) Limited in this region.
